

Advice Worth Ignoring: How Tuning Out the Experts Can Make You a Better Parent (Paperback)

By Dr Ray Guarendi

Servant Books, United States, 2016. Paperback. Book Condition: New. 213 x 137 mm. Language: English . Brand New Book. In Advice Worth Ignoring, Dr. Ray identifies fifty of the most common child-related truisms and parenting myths that can often mislead and undercut parents, and explains how the virtues of prudence, temperance and fortitude can help any parent discern the best course of action for his or her own family. Parents are encouraged to ask themselves: Does this have merit for our family, with our morals? Does it make sense? Does it align with wisdom confirmed through generations? Covering a range of ages and stages, from the early years ("Its a stage; it will pass") to the teenage years ("Dont make your child lie"), this book gives dedicated parents the tools they need to spot the hidden assumptions colored by pop psychology, and make parenting choices that are consistent with raising up good Catholic kids. Parents who read Advice Worth Ignoring will feel empowered to judge the advice thats right for their own family, regardless of who doles it out. Contains a special section specifically for adoptive parents.

Reviews

These sorts of book is the best book offered. I have got read and so i am sure that i will planning to read yet again once more in the future. Its been written in an exceedingly basic way which is merely after i finished reading through this publication in which really altered me, change the way in my opinion.
