Diabetes Mellitus and Oral Health: An Interprofessional Approach (Paperback)

By Ira B. Lamster

John Wiley Sons Australia Ltd, Australia, 2014. Paperback. Book Condition: New. New.. 241 x 172 mm. Language: English . Brand New Book. Diabetes Mellitus and Oral Health: An Interprofessional Approach is a practical tool for dentists and dental hygienists providing oral health care to patients with diabetes mellitus. Firmly grounded in the latest evidence, the book addresses medical considerations, dental considerations, and case scenarios from clinical practice in three easily accessible sections. The first section on medical considerations reviews the definition of diabetes and discusses underlying pathologic mechanisms, classification, diagnosis, and medical complications of the disease. It also promotes the comprehensive management of patients with diabetes in the dental office, with a thorough discussion of lifestyle changes and medications used to treat diabetes. The second section on dental considerations provides guidance on how treat patients with diabetes. Oral complications will be covered in detail, with a focus on management and treatment strategies that can be used in the dental office. The third section includes multiple case studies illustrating common complications and how-to instruction on appropriate patient management. Ideal for all members of the dental team, Diabetes Mellitus and Oral Health is an essential tool for providing optimal clinical care to...

Reviews

These kinds of publication is the greatest pdf available. Better then never, though i am quite late in start reading this one. Once you begin to read the book, it is extremely difficult to leave it before concluding.
-- Lorena Streich

It becomes an awesome pdf that I have actually read through. It really is full of knowledge and wisdom You may like how the writer compose this book.
