CONCISE VECTOR ANALYSIS (PAPERBACK)

Dover Publications Inc., United States, 2016. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book. This concise introduction to the methods and techniques of vector analysis is suitable for college undergraduates in mathematics as well as students of physics and engineering. Rich in exercises and examples, the straightforward presentation focuses on physical ideas rather than mathematical rigor. The treatment begins with a chapter on vectors and vector addition, followed by a chapter on products of...

Reviews

It in a single of the best publication. Sure, it is play, continue to an interesting and amazing literature. You will not really feel monotony at whenever you want of your time (that's what catalogues are for about in the event you question me).

-- **Sonia Block I**

This is the greatest pdf i actually have go through right up until now. It is actually packed with knowledge and wisdom I found out this book from my dad and i advised this publication to find out.
