

Rocks and Minerals: A Gem of a Book! (Mixed media product)

By Dan Green

Pan MacMillan, United Kingdom, 2009. Mixed media product. Book Condition: New. 175 x 175 mm. Language: English . Brand New Book. Simon Basher is back with another zany primer to science! Following his 3 successful titles on the basics of chemistry, physics, and biology, BASHER SCIENCE: ROCKS AND MINERALS is an in-depth look at the ground beneath our feet. Like his other titles, Basher presents these topics through charming and adorable illustrations and pairs them with basic information told from a first person perspective. He develops a community of characters based on the things that form the foundations of our planet: rocks, gems, crystals, fossils and more. And what s more, he makes it understandable, interesting, and cute. It s not what you expect out of a science primer.
