Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from **Guide to the Specimens of the Horse Family (Equidae): Exhibited in the Department of Zoology, British Museum, (Natural History), Cromwell Road, London, S. W** Owing to the great interest attaching to the Horse and its relatives (alike from the point of view of the naturalist, the breeder, and the sportsman) it has been decided to issue a special Guide-Book to the specimens of this group exhibited in the public Galleries of the Zoological Department of the Museum. It is hoped that the following pages will not only tend to stimulate this interest, but that they will also lead to the presentation of record specimens for preservation in the National Collection. In the case of skeletons of celebrated thoroughbreds, Arabs, and other breeds, their true interest can only be fully appreciated when they are brought together in a large series. It is only in a great public museum that the proper care and preservation of such specimens can be assured. The present Guide-Book is the work of Mr. R. Lydekker.
