

Wal-Mart: The Face of Twenty-First Century Capitalism (Paperback)

Filesize: 6.05 MB

Reviews

It is great and fantastic. I actually have read and so i am certain that i am going to going to go through once again yet again in the future. I realized this ebook from my dad and i encouraged this book to find out.

(Dr. Kayden Gerlach)

WAL-MART: THE FACE OF TWENTY-FIRST CENTURY CAPITALISM (PAPERBACK)

The New Press, United States, 2006. Paperback. Book Condition: New. 203 x 201 mm. Language: English . Brand New Book. Edited by one of the nation's preeminent labor historians, this book marks an ambitious effort to dissect the full extent of Wal-Mart's business operations, its social effects, and its role in the U.S. and world economy. Wal-Mart is based on a spring 2004 conference of leading historians, business analysts, sociologists, and labor leaders that immediately attracted the attention of the national media, drawing profiles in the New York Times, Los Angeles Times, and the New York Review of Books. Their contributions are adapted here for a general audience. At the end of the nineteenth century the Pennsylvania Railroad declared itself the standard of the world. In more recent years, IBM and then Microsoft seemed the template for a new, global information economy. But at the dawn of the twenty-first century, Wal-Mart has overtaken all rivals as the world-transforming economic institution of our time. Presented in an accessible format and extensively illustrated with charts and graphs, Wal-Mart examines such topics as the giant retailer's managerial culture, revolutionary use of technological innovation, and controversial pay and promotional practices to provide the most complete guide yet available to America's largest company.
