David Lord. Paperback. Book Condition: New. Paperback. 106 pages. Dimensions: 9.0in. x 6.0in. x 0.2in. Over the past 25 years, more than 100 companies that were failing, not making enough money or simply struggling to achieve their true potential, turned to David Lord to learn how to make their businesses work better, make more money and generate additional cash. David showed them how to transform their businesses systems of work into visual ones, resulting in improved employee involvement, quality, productivity and profitability. Now, Davids book shows exactly what he does to change struggling businesses into thriving ones, by employing the Visual System of Work. Using a 90-day implementation guide, the author gives practical, step-by-step instructions about how to make the work processes of a business visible, beginning with the collection of concrete data about how a business actually operates in the present time (rather than relying on peoples perceptions) and ending with ways to review, maintain and continuously improve the business (now newly transformed and invigorated) visual system of work. In between, the author walks you through each step of clear-cut exercises and assessments designed to revolutionize, revitalize and transform a business. Directives include how to solidify core values, identify key Lead and Lag measures, set up a war room and communicate information throughout the organization. David provides eight practical tools for helping a business get better including a Strategic Planning Sheet, a System of Work Diagram, a Scoreboard Sheet and (2) Time Management Sheets. The 7-Step Process of Improving Throughput Performance helps businesses define and solve problems by identifying constraints (slowdowns) within the flow of work. Once constraints are recognized, the reasons for them (interferences) can be reduced or eliminated. A book about visual systems should be visually attractive, and this one is, using plenty of photos and illustrations as...
