Brand New Book ***** Print on Demand *****.The Narratives is a collection of short introspective essays written by an average guy in an effort to better understand himself, his life, and his relationship with the world around him while traveling the road of self-discovery. This series can best be described as the author s unique brand of journaling, encompassing both self-reflective entries, and an expression of thought and opinion surrounding social issues of the present day. The Narratives: Transformation expands on the author s primary theme of self-discovery but goes much deeper than previous Narratives works. He digs deeper into himself and presents his innermost thoughts and emotions openly and candidly, while taking the reader through his journey to process the uncomfortable in an effort to grow as a human being. It s a work that is the end product of a quantum shift in the author s life, and traces his path toward self-actualization. Each short journal-style essay presented in this work touches on the author s search for clarity and strength in an effort to overcome what holds him back, and is written with full transparency, providing the reader with a unique window into the author s soul. The Narratives: Transformation leaves nothing on the table, and is an exercise in outward vulnerability. This book is the sixth volume in The Narratives series.
